**DEFENDANT’S UNOPPOSED MOTION FOR LEAVE TO EXCEED PAGE LIMIT**

Pursuant to Rule 7(b) of the Rules of the United States Court of Federal Claims, defendant, the United States, respectfully requests that the Court grant it leave to exceed the page limit set by Rule 5.4, and file a brief not to exceed 60 pages in support of its response to the cross-motion for judgment on the administrative record filed by plaintiff, Blue Origin Federation, LLC (Blue Origin), and reply in support of our combined motion to dismiss and cross-motion for judgment on the administrative record, to be filed no later than October 13, 2021. Counsel for Blue Origin and counsel for defendant-intervenor, Space Exploration Technologies Corp. (SpaceX), have indicated that they do not oppose this motion.

Good cause exists to grant the requested relief. Blue Origin’s cross-motion for judgment on the administrative record is lengthy, totaling 78 pages, and attaches declarations totaling over 40 additional pages. Moreover, the procurement at issue is technically complex, and the administrative record is extremely voluminous, with over 135,000 pages and over 1,750 separate

documents. Additional pages are needed to fully address all of the issues raised in Blue Origin's cross-motion. Although we do not expect our brief to quite require 60 pages, in light of the Court having already granted leave to Blue Origin and SpaceX to file briefs of up to 60 pages, we respectfully request that the Court apply that same limitation to the United States as well.

For these reasons, we respectfully request that the Court grant our motion for leave to file a brief not to exceed 60 pages in support of our response to Blue Origin's cross-motion for judgment on the administrative record and reply in support of our combined motion to dismiss and cross-motion for judgment on the administrative record.

Respectfully submitted,
